DIVIDEND, JAN'Y 1, 1868,
FORTY PER CENT UPON ALL POLICIES THAT have been in force for one year and payable on the anniversaries of the renewals of said policies
This Company in declaring its Dividends to so upon THE TRIBUTARY SYSTEM, thus each insurer whether he is a rich man or a poor man a prominent citizen or an humble citizen, shares alike
PREMIUM SYSTEM.
CASH, WHEN REQUIRED NOTES ARE, HOWEVER TAKEN to accommodate the Insurer in paying his Premiums thus showing the confidence of the Company in its ability to declare Dividends that will eventually Cancel the Notes.
How different this is from a Cash Company who exact all Cash under the plea that it is unsafe to grant this indulgence to a policy holder when he is unable to pay his renewal premium
REMEMBER
That the "OLD MANHATTAN" never *assumes* or *promises Extravagant Dividends* to induce insurers to come and insure with them Their Dividends in the past have always been equal to all well managed and first class Companies, and they can offer the records of the past as an evidence of the future. It never vilifies the character of other Companies to accumulate business THE MANHATTAN'S oldest insurers are its best advocates The business of the Company is conducted with
ECONOMY!
This is an evidence of careful management and a promise of Large Dividends in future
From the following table taken from the New York Insurance Reports of 1867 it will be seen that our percentage of expenses to receipts are very much less than any Companies enumerated below

[DISPATCHES TO THE OREGONIAN]

DATES TO APRIL 21.

Congressional

WASHINGTON, April 21 —In the House, Phelps offered as a question of privilege a resolution reciting a paragraph in the Baltimore *American* to the effect that General Sherman had been before the impeachment managers and examined relative to his interview with the President, and his evidence was such that General Butler declined to cross examine General Sherman in court and providing for the appointment of a select committee to examine into the facts, in order to vindicate the managers from such aspersions

The Speaker decided that it was not a question of privilege Kelsey objecting, resolution went over

Ingersoll offered a resolution instructing the Post Office Committee to inquire into the expediency of securing by General Government the control of all telegraph lines within the United States Adopted

The Speaker proceeded to call the committees for reports

The Committee on Naval Affairs presented a number of adverse reports, and several unimportant Senate bills Also, House bill to amend certain acts relative to navy and marine corps. It limits the number of officers non commissioned, and officers and musicians of each corps to the number authorized by act of March 2d, 1867, and privates to 1,500 in lieu of 3,000 Bill passed

The House then proceeded to reconsider the bill to amend the bankrupt act. Texas—The Violence of Rebel Domination.

[Correspondence of the Chicago Tribune]

CORPUS CHRISTI, Texas, March 2

A journey from Austin to this place takes a traveller through some of the worst Confederate counties in Texas—counties that are in a condition verging upon anarchy In many of them there are no judges, Sheriffs or Constables Under such a condition of affairs, crime stalks abroad and lawlessness prevails. The "civil orders" of General Hancock have shorn the military of its power even to arrest a murderer, so that every man executes his own law in his own style and manner, and the sentiment of whole communities, in any case affecting a Union man, is such, that criminals are protected and "law and order" are by words and a reproach. In performing this journey, under the protective care of a "good Conservative," opportunities *ad infinitum* were afforded for determining the question of loyalty and the aims and desires of the whites of this State, as well as the applicability of the course stubbornly pursued by the General who is unfortunately in command of the district, to the condition of the country It has been argued that the word "loyalty" ought to be unknown to the citizens of a republic, and the exponents of this doctrine would, perhaps, be highly delighted to know that this argument is generally approved and acted upon in all communities in this State. Even patriotism, which is generally supposed to mean a love of country, its government, flag, laws and people, must be sought for, as a general sentiment, outside of Texas. Although there are many exceptions, and the State of Texas possesses men of unflinching loyalty to the Government of the United States, yet, it cannot be denied, that the great mass of the white people of Texas are as disloyal as at any time during the war, and would do as much as they ever did to subvert the Government most of them have sworn to defend, if they only had the opportunity.

The most obdurate Copperhead of the North, arrayed against the reconstruction measures of Congress, would be perfectly satisfied by a tour through the State that if order is to come out of chaos, if life and property are to be protected, law enforced and government administered in unison with the Constitution and laws of the United States, these measures must be faithfully carried out. The rebels are unanimous in their opposition to the terms of the reconstruction acts, because they grant privileges to the "niggers," disfranchise some of their number, and bereave them of a power they wielded for the dismemberment of the nation. They are greatly offended, now that the nation has trampled over their long meditated treason, that it should exact terms which will render them forever powerless to attempt another rebellion. A mode of reconstruction could be easily devised which would be perfectly acceptable to every rebel in this State, and it is to force this mode out of the government, that prompts all the opposition to the mode now being carried out Having suffered irreparable defeat in their endeavors to establish a "Confederacy" whose corner stone was human bondage, they are now too willing to let "by-gones be by-gones," and reconstruct upon the basis of the "constitution as it was," without disfranchisement and other penalties for their treason and crimes By this mode our wayward brethren, would have lost nothing, politically, by the war. The three fifths representation would be theirs and would secure them the political power of the State which they would speedily and energetically use for the re enslavement of the African, and the disenfranchisement of a class they mortally hate Inaugurate this mode of reconstruction, and a reign of terror which would far eclipse the dark and bloody days of 1861 2 3, would possess this State By false indictments, which rebel courts would sustain by terrorisms and killings they would soon rid the country of that determined band of Unionists, who were ever loyal to the government and by "apprentice laws" and "vagrant acts," they would virtually enslave all the colored people whom the fiat of war made free forever When the aggregate people of the North are so lost to the common dictates of humanity and reason as to cast a vote against the policy of Congress for the establishment of governments in these rebel lious States, pray for the souls of the Unionists and "niggers," who resist enslavement

FROM EASTERN OREGON.

The Umatilla *Press* raves excitedly about the "split" in the Democratic party in that county.

A correspondent of the Walla Walla *Statesman* writes as follows, April 3d, from the Willow Creek mines There has been a change since I last wrote, and the change has been for the better The snow that covered the ground has mostly disappeared, and there have been several claims opened, and more are in the act of being put in working order. Some who have been fortunate enough to obtain water, have made several 'runs' with good results, and when Reeves' ditch brings in its expected supply of water, this place and the surrounding country will make a showing in the shape of large quantities of gold dust Some of the parties on Quartz Gulch have met with greater success since they commenced work than they anticipated at first. A lucky miner, while at work, washed out a nugget weighing $29 40 As a consequence, claims in that locality, have an upward tendency.

The Umatilla paper says: E. A. Wilson, Esq , County Surveyor, has completed the survey of the boundary line between this and Grant counties and made his report to the County Court on 13th inst , two days in advance of the time allowed for the purpose. By this survey, Mr. Wilson informs us, a large section of the mining region on the north fork of John Day river is determined to be within this county, embracing Otter Bar, Lowe's Bar and Snead's Bar The principal camp in these mines is called Mound City, and is about three miles this side of the boundary line An order will issue forthwith constituting a precinct of this recent discovery, probably under the name of North Fork or Mound City—which are submitted in the report of the Surveyor. There are said to be over two hundred miners at present working in these mines.

A band of Indians, supposed to be about fifteen in number lately fired on some teamsters on their way from Payette valley to the Shasta mines, about ten miles from the latter place Three horses were killed Two of the men cut horses loose from the wagons and made all haste to Shasta The other two men concealed themselves in the bushes and finally escaped. The Indians hastily plundered the wagons and made off with all speed. On the night of April 7th the same or another band, made a raid on Shasta and drove away thirty head of horses and some cattle

We have received the first number of the *Blue Mountain Times*, a paper published at La Grande It presents a good appearance, contains a variety of local and other news, and is thoroughly Union in politics

The *Blue Mountain Times* says Jo. Smith's name can't raise the Democratic mercury in Union county. The "Lost Cause" Democracy don't like him.

The La Grande paper says: We have had, an unusually mild winter, very little snow, and are having a very early and rather dry spring The farmers of the valley have nearly all their crops sown and all anticipate a dry season. Considerable of last years' crop is still on hand. Owing to the low price of grain there will not, from present appearances, be near the amount of grain raised in the valley that was last year It looks to us, though we are not a practical farmer, as though this would be just the season to put in a big crop Grain will be high next fall, we think

EX GOVERNOR SEYMOUR.—The *Ohio State Journal* makes the following statement in explanation of Ex Governor Seymour's refusal to be a candidate for the Presidency:

"We happen to know that there is on file in the State Department sworn evidence of Horatio Seymour's complicity with the Davis rebellion, for the reason that it became our duty while serving in an official capacity to prepare and transmit to the government the evidence to which we refer. Mr. Seymour is probably aware that should he ever become a candidate for the Presidency, the sworn statements of reliable witnesses will convict him of having been, in the fall of 1864, in confidential correspondence with Clement C. Clay and James P. Holcombe, then acting as Commissioners for the Southern States in Canada. It is a somewhat singular but at the same time a significant fact, that the direct proof of Seymour's treasonable correspondence with the enemy has never been made known to the public "

This positive statement seems to demand attention. If there is any such evidence on file in the State Department it ought to be published at once A call from Congress would probably bring it forth.

THE KUKLUX DEMOCRACY.—On the 25th of March Gov Brownlow of Tennessee published a denunciation of the Kuklux, which concludes as follows

"Union men, Leaguers, beware of them. Watch them, spot them in every county. You have sufficient strength to make yourselves terrible to these midnight assassins and lawless desperadoes, and to visit swift and signal punishment on these fiends in human form who break the peace of the country and mob and terrify honest, innocent citizens, and if in any case you lack the numbers or the means to do this, there are more than a million swords ready to be unsheathed to avenge your fall or facilitate your victory. Our counsel for all is that whenever these vile miscreants make their appearance among us, mounted, booted and spurred, and however disguised, let the white and colored citizens meet them promptly and disperse them If need require in dispersing them, exterminate If the Kuklux klan attempt to run riot over law order and public safety by these midnight raids in disguise and darkness, then force them to pull off their vizors and expose their faces and their foul crimes at once to the light of the sun and to the gaze and merited scorn of an outraged public."

THE REBEL SPIRIT —The Buffalo, (N Y) *Commercial*, a "Conservative" journal of Johnson Democratic proclivities, publishes a letter of a late date from New Orleans, of which the following is the concluding paragraph. Let this be compared with the telegraphic reports which are received from Louisiana, detailing the outrageous proceedings of the rebels there:

I wish I might impress upon the people of the North the fact that, if the "Democratic party" becomes successful next year, another war, far more bloody than that through which the country has just passed, will be the inevitable and almost immediate result Emboldened by the traitorous position of Andy Johnson, the press South is more rapidly drifting into the same defiant attitude and hypocritical fondness for the "old Constitution" that was assumed before the war "Planters" here are keeping, with religious care, lists of their former slaves, and as sure as the Democratic party succeeds to power, just as sure these slaves will be hunted down and captured Your Democratic party may not mean this, but the South means far more than that It will renew the struggle for "independence" at the first dawn of a chance for success

Mark Twain enters the Ball, Akers and Florence Percy controversy about the authorship of "Rock me to Sleep," and demolishes Mr. Ball, the noisiest competitor, in the following measured strain

"Backward speed backward, oh, Ball, in your flight! Make not an ass of yourself—(just for to-night) pull the few silvery threads out of your hair fill up and varnish those furrows of care—care that was born in attempting Fame's steep, which you couldn't climb, Ball, whom none rocked to sleep O, Bally, come back from the echoing shore! Cease for a season the public to bore, with your infamous rhymes and your stupid complaint for you know you are claiming to be what you ain't Oh, drivel no more—don't snuffle, don't weep—hang up your lyre, Ball—I'll rock you to sleep

Zeb Vance: declines to be the Democratic candidate for Governor in North Carolina It was Zeb who proposed to "fight the Yankees till hell freezes over, and then fight them on the ice." The Petersburg *Index* says that the declension of Governor Vance is but another proof of the high minded patriotism of the man Fearing to prejudice the cause by a past record, which, glorious as it was, finds objectors in these degenerate times, he refuses to jeopardize the public safety by aspiring for office.

Balancing Accounts.

The expenditures of the Government during Buchanan's Administration averaged about $51,000,000 a year in gold. When that celebrated Public Functionary entered the office, the national debt was $25,155,977 When his party abandoned the Government in 1861 to go into rebellion the debt amounted to $88,995,810. Here was an increase in the public debt of $15,000,000 a year in a time of profound peace. There was but a skeleton of an army to maintain, a navy of but a few vessels, and no pension or bounty roll. The profligacy of Democratic rule was notorious. The last attempt of that party at financiering for the nation was not so wonderful a success that people should delude themselves with a belief that that party is more competent than any other to manage the finances of the country. Let us see how the account stands with the Union party.

The estimates for appropriations for the current fiscal year amount to $90,550,000 in currency. Reduced to coin this would give about $65,000,000, or nearly $20,000,000 less than the expenditures of Buchanan's Administration. This report of the Committee on Appropriations embraces every item of expense which belongs to the ordinary administration of the Government. All the other expenses, of which the interest on the public debt is chief, are the result of the rebellion of the Southern Democrats, which was sympathized in, if not directly aided and abetted by the Democrats of the North who are now making such a clamor about the taxes. Cut off the $160,000,000 which the people are obliged to pay each year as interest on the public debt, for pensions, and other charges produced directly by the rebellion, and what would be left? The taxes would be as light as they were before the great Democratic revolt. It is not the burden of maintaining the army which the people now feel, it is not the cost of supporting the navy; it is not the Freedmen's Bureau; it is not any profligate expenditure of money by any branch or in any department of the Government. The great burden is the interest on the public debt, and all know by whose fault this debt was created. All the other expenses of the Government are at as low, and some at a lower figure, than before the war. There is no mistake about this fact. If people will but reflect a moment they will not be deceived by this clamor of Democratic demagogues. The outcry against taxes is but an outcry against the public debt, and the political strategy of the "Democracy" looks to the repudiation of that debt, and the consequent punishment of every man who loaned a dollar to enable the Government to put down the rebellion.

Doubtless it will interest the "Democracy" of Oregon to know that "Vice President" Stephens is very despondent about the prospects of the country. In fact he thinks that the country is going to the dogs with lightning rapidity. He and his friends who established the Southern Confederacy tried to save it, but failed, and he is now filled with the most gloomy apprehensions about the future. A correspondent of the New York *Herald* reports a long conversation with the very first Democratic patriot a few weeks ago, in which Stephens said that a war of races in this country was inevitable. The only alternative was for the whites "to quit the country or remain and fall." "For my part," said he, "my mind is made up. I have not long to live. I will stay and go down with the ship." Disinterested, self-sacrificing Stephens! "Going down with the ship" seems to be his forte. He went down with the Confederate ship. But he can't be induced to leave the country. Not he. The Confederate Vice President thinks with the Democratic party that thirty millions of whites are no match for four millions of blacks. Hence their despondency. It is to be hoped that Stephens' "fall" will not be long postponed.

If the Government should resolve to pay the national debt by issuing greenbacks to cover the whole amount, are the greenbacks afterwards to be funded or paid, and if so, in what but gold? Such an issue of paper money, every thinking man knows, would unsettle all commercial values, and indefinitely postpone the resumption of specie payments. But on the other hand, without this increase of the currency, specie payment will in a reasonable time be resumed, gold and greenbacks will be equal in value, and to pay the bonds in gold will be no hardship.

To get an idea of the turpitude of Andrew Johnson's conduct, imagine one of the "fathers of the Constitution," after the struggle for independence, throwing himself into the arms of his country's enemies, and voluntarily becoming the persecutor of his country's friends! Think of a President, after the Revolution, or the second war with Britain, perverting his vast patronage to the persecution of the men who had led our armies and saved our liberties!

From the tone of Eastern papers it would appear that there is extraordinary commotion over the proposition to nominate Chief Justice Chase as the Democratic candidate for the Presidency The Chicago *Tribune* of March 30th publishes several columns of extracts from papers in all parts of the country discussing the subject The Democratic papers are eulogistic of the Chief Justice, though cautious about committing themselves for or against him.

The Arkansas Constitution which was reported defeated, has been adopted by 5,000 majority. Three other States, viz Georgia, Louisiana and South Carolina have also adopted new Constitutions, and without doubt will speedily be admitted to representation in Congress Reconstruction is progressing most favorably The probabilities are that the work will be nearly, if not wholly finished, before the close of the year

The Minnesota Democrats have adopted a trimming, shaky platform which was denounced by some of the members of the Convention as "a timid, lockjaw, scary, cowardly policy" and the President of the Convention took the same view, declaring that he was "in favor of getting back to the irreversible decree of the Almighty, who had established and ordained slavery"

The National Union Republican Convention, to meet in Chicago, May 20 will consist of 634 delegates,—the Southern States being represented and counted. Nine tenths of the delegates are already appointed, and all of them are instructed for Grant Many Eastern papers think Grant and Colfax will be the ticket.

The whole vote of New Hampshire in the late election was 71,068, more than ten thousand greater than was ever cast before. The Democratic party never before made such extraordinary exertions to carry a New England State

Horrible Massacre by Indians in Nevada.

VIRGINIA CITY, NEVADA, April 22.—From Mr. C. C. Gates, of Stone & Gates, at the crossing of the Truckee, we learn the following particulars of a horrible Indian massacre which took place on Friday or Saturday last at the Red Rock ranch, east of Long Valley, and distant about 50 miles from this city. The Indians took the party by surprise—the whites not suspecting they were hostile—and killed Mr. W. H. Pierson, his wife, daughter, (a young lady of 18) John Sutherland and another man whose name our informant did not learn. A boy, 12 or 14 years of age, made his escape, but was hotly pursued by the red devils for nine miles. It appears that some ten or twelve days ago, old Winnemucca told some stock men who had a number of cattle about Pyramid Lake to look out for their cattle, as the Pitt river Indians were coming in that direction. It also turns out that the Piutes have for some time been preparing for war with the Pitt River bucks, but still the boy who escaped says the murderers were Piutes, as he knows them by sight and understands some of their gibberish However these same Indians, or some of their confederates, had a few days previously stolen several head of horses in the neighborhood, and at the time the massacre took place, a party of settlers from Long Valley were hunting for the thieves.

After a lengthy debate, the original bill was agreed to by the Committee of the Whole.

The Paris *Moniteur* says the Government will bring in a bill in the next Corps Legislatif, to provide for the completion of extensive public works in the interior, in connection with the roads of France

FLORENCE, April 22.—Prince Humbert was married to-day to Princess Marguerite, of Savoy. The ceremony occurred at the Chapel Royal of Turin. Victor Emanuel, the Crown Prince of Prussia, Prince Napoleon, and many notables were present.

MADRID, April 22.—It is officially announced that the chief of the Spanish Ministry is dying.

OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, April 22.—The *Montana* sailed for Panama this morning carrying 457 passengers and $679,000 in treasure.

Work was commenced on the Southern Pacific Railroad, at San Jose, on last Monday.

There was a strike among the laborers at Folsom street wharf to-day. The employees of the Oregon and Mexican line of steamships, about 60 men, struck on the eight hour principle. Their places were immediately supplied and there was no further trouble.

The Mexican Oyster Company incorporated to-day with a capital of $50,000. They propose to import Mexican oysters and plant them in San Francisco Bay.

The pilot examiners have deprived pilot Juliffe of his license, for carelessness in the loss of the British ship *Viscata*.

A Shanghae dispatch of April 1st was received in this city on the 20th inst., via Pekin, St. Petersburg, the Atlantic cable and the Overland telegraph.

The schooner *B. H. Ramsdell* arrived in port last night for repairs, having lost her foretopmast off Point Reyes.

Money Markets.

Gold in New York at 3 o'clock P. M. to-day was 139¾ Legal Tenders are quiet at 71 buying and 71¼@71½ selling.

New York Markets.

California wheat in Liverpool is steady at 16s 2d per cental. New York telegrams this morning quote California wheat at $3 15@$3 25, flour $12 75@$14 75, wool 18@35 cents as a range, choice spring commanding 23@35 cents, hides 19@19½ ℔ for California dry.

Produce Market.

The produce market continues very much depressed in consequence of large stocks and a limited demand.

Flour—Is very hard to move at any price. The supplies received from Oregon of late, have been unusually large, aggregating since January 1st over 50,000 bbls. Late invoices of this description are still on the market, including the *Brewster's* entire cargo of 5,000 bbls. The presence of of so much low priced flour in the market seriously interferes with the demand for the city mills, both for local trade and export. The stock of flour in this city on the 1st, inst., was 35,000 bbls., since which time, Oregon has sent in 25,000 bbls If the receipts from that quarter continue, prices must further decrease.

Wheat continues dull at nominal prices, $2 50 per cental being considered an extreme figure for best samples Three vessels loading for Liverpool have fully secured the completion of their cargoes principally in the country. The lateness of the season renders a further renewal of the export trade extremely doubtful. In the mean time the inactivity of the flour trade curtails the demand for local milling. Our receipts of Oregon wheat, for the current month, aggregate 20,000 centals

Barley meets with only a moderate quantity. Considerable activity in this cereal is expected during the ensuing month.

The two leading operators in oats continue to away the market at about $2 50@2 70, with but little doing at the outside figure.

Flour—the shipment by the Panama steamer this morning, was 4,250 bbls. Oregon brands of extra are jobbing at 7 37½@7 25 We quote city mills, superfine, hf sks per 196 lbs, $6 50@6 75, qr sks, $6 75@7 00, extra hf sks, $7 25@7 50, qr sks $7 50@7 75.

Wheat—sales include 500 sks good milling, private; 530 sks Santa Clara, $2 50; 1,200 sks Oregon, *ex Continental*, private; 600 sks do, $2 45. We quote fair to good shipping at $2 40@2 25, and choice milling at $2 50. At the close, 700 sks Oregon, private.

Barley—350 sks choice in strong bags, for shipping to Arizona, private; 2,000 sks brewing, $1 95; 1,200 sks do, $2 00. We quote feed $1 90@1 95, and choice brewing at $2 00.

Oats—the nominal range of the market is $2 50@2 75, though small lots are selling at $2 40@2 60.

Shipping

Arrived—April 22, bark *Jenny Pitts*, from Seabeck, bark *Gold Hunter*, from Port Madison

Cleared—April 22, bark *Emma Augusta*, Port Townsend.

Some of the Democratic papers at the East have presented the following ticket For President, Andrew Johnson, for Vice President, Brick Pomeroy. There is more fitness and consistency in this ticket than any other which that party has presented Johnson, as the greater blackguard of the two, naturally has the first place.

The Washington (Pa.) *Jeffersonian* thus alludes to the possible nomination of General Sherman by the convention at New York "What is General Sherman but a murderer, an invader of private rights, and a cotton thief? If the Democrats are mean enough to put in nomination any pup for president who ever wore shoulder-straps during the Abolition crusade, we hope he will be defeated, and we will do all in our power to accomplish that end."

There is a plan in New York to receive from all the prominent points of the West quotations of the labor market, so that emigrants may be sent at once to the points where their services may be most in demand.

Nobel, the inventor of nitro glycerine, has recently announced a new blasting powder, which he calls dynamite, and states it to be a solid of the same power, less danger, and greater facility for use than nitro glycerine.

... MERCHANTS D...—The steamship *Geo. S. Wright* was bought by Jacob Kamm of this city and Mr ... of Victoria, to run between the two cities. For ... there had been no vessel, besides the little ... engaged in the trade. Immediately ... the announcement that the *Wright* had been bought ... for the Portland and Victoria trade, the *Active* was sent ... by the C. O & M. S. S Co. There is not business ... to warrant both ships in continuing on the route ... ably is business enough for one. The question ... will the people of the two cities give ... to the *Wright* and thus keep permanently ... a steamer adapted to the trade and a ... passenger ship? or will they give their ... to the Holladay line, and thus drive off the vessel ... without the certainty that the *Active* will stay here when the *Wright* shall be off? These are ... questions that may not concern us particularly, ... that concern the business men of Portland and Victoria ... who may yet remember that, when they had ... line between here and San Francisco ... failed to support it and allowed ... to be driven off. They will probably ... that the price of freight was put up on ... by the Holladay line at a time when they were in ... When the *Oregonian* was brought to this ... and they were offered the chance of taking stock ... of controlling in part the carrying trade ... of protecting themselves against high freights ... to respond and thus allowed that steamship ... of a line whose owners care less than ... for the Oregon people only so far as ... to the coffers of the monopoly. ... merchants and shippers of Portland and Victoria ... these things, they may also fail to think ... be well to encourage home capital ... shall find it employed in any way in our ...

The route ... and will never be obstructed at any ... of the year, by snows.

DROWNED.—We are informed that on Tuesday evening ... little boy aged about ten years, a son of Mr. Chas. ... of Oregon City, fell from the *Wessel's* wharf, at ... City, into the river and was drowned. He was ... by one of the employees of the *Wessel* who, ... the body rose to the surface, tried to reach him a ... unfortunately, could not reach far enough ... swim a stroke, and could not, therefore, ... the boy by jumping in after him. The little fellow ... himself on the surface for half a minute ... but his efforts to swim only took him further ... of reach, and before assistance arrived, he sank to ... His body was recovered yesterday morning ... use of a book attached to a long pole. His parents ... are in deep affliction, in which they have the earnest ... of their friends and neighbors.

... Last evening about nine o'clock, Dr. Davenport was called to see Mrs. Thomas Kearney, who resides on ... street between Washington and Alder streets. When he arrived, a few moments later, he found the ... dead, and the Dr. says appearances indicate that ... had died an hour before he saw her, from the effects of ... A little girl of Mrs Kearney, states that ... saw her mother take medicine from a small bottle—a ... ounce vial, labelled laudanum—about 1 o'clock the ... night, that she soon fell asleep and had not ... Her will and some other papers were found ... under her pillow, a fact which indicates that the act was ... and not assignable to accident or mistake.

ACCIDENT AT THE CIRCUS.—Bartholomew's circus went ... here on Monday to Vancouver, and gave a performance there on Tuesday evening. During the performance ... the audience seats gave way and precipitated a considerable number of people to the ground; but fortunately no one was seriously injured. Once during the ... the rain came down in such torrents, driving ... the canvas upon the audience, that they were ... to vacate the seats and seek temporary shelter ... tent pole.

RAILROAD VISITORS.—Messrs. Reynolds, Mix and Stevens of Walla Walla committee appointed by a public meeting to ascertain and report the probable cost of constructing a railroad, to be eventually a section of the Oregon and Idaho Branch, are at present here pursuing inquiries on the subject. The immediate purpose of the Walla Walla people is to build a road from that town to Wallula. The gentlemen above named visited the east side road yesterday.

OREGON PRODUCTS.—Arrived yesterday per steamer *Wenat*, 80 sk oats, 21 hlf bbls dried apples and 240 qr sks flour. Per steamer *Senator*, 126 boxes apples, 1,800 qr sks flour, 10 tons pig iron, 4 bales woolen goods and 71 sks feed. Per steamer *Alert*, 860 bags wheat 1,670 qr sks flour, 25 boxes apples, 124 gunnies, oats, 15 gunnies bacon, 1 ... sks and hlf bbls dried apples, 8 sks oysters, 7 tons pig iron and 5 sks feed.

STREET CONTRACTS.—The contract to construct cross walks on B street for that portion to be improved, has been let to Mr. N. Northrup, who has also secured the contract to build the bridge across King's creek. Messrs. Davis, Thornton & Co have the contract for grading, and Messrs. Stimson & Wright have the contract to construct the side walks except such portions as were bid in by property holders.

A FOOT RACE IN PROSPECT.—We learn that the terms for a foot race between Walter Knox and Alex. Hamilton have been agreed upon. The race is to be forty yards for $50 a side and a forfeit of $10 a side has been put up. Saturday, May 2d has been fixed as the day and the East Portland track the place for the race. If the parties do not back, this race will attract a good deal of interest.

SEEKING A TERMINUS.—It is stated that certain parties have gone from this city to Puget Sound for the purpose of discovering the spot where the Northern Pacific, the Oregon Central and all the other possible railroads *must* eventually terminate. Hope they may find it. They propose, as we understand, to build a magnificent city on the spot—at least, when found, they can "make a note on it."

RAILROAD SUIT.—A suit has been commenced by the Oregon Central Railroad Co., east side against the Oregon Central Railroad Co. west side, to test the legality of the incorporation of the latter company and its right to the use of the name. The real bone of contention, as we understand the matter, is the State and Congressional aid to which one or the other is, or may become, entitled.

LATE HOURS.—During the most of this week, the steamers plying between here and Oregon City, have been keeping late hours, being detained in some cases several hours, by the tremendous freights now being hurried forward for the vessels in port. Yesterday and day before, the *Senator* kept passengers waiting on the wharf for from two to three hours, after the usual time of starting.

FREIGHT FOR SAN FRANCISCO.—The bark *H. W. Almy* having completed her cargo, will leave this morning in tow by the steamer *Gouch*. She takes the following produce for San Francisco. 12,360 qr sks flour, 981 sks wheat, 1,030 sks bran, 995 sks oats, 407 sks middlings, 224 hlf bbls dried apples; total cargo, five hundred tons.

NEW UNIFORM.—Capt Caballin, who arrived home by the steamer *Ajax*, last evening, brought with him from San Francisco, the material for an entire new uniform for the Fenian Guard. It is expected that the suits will be completed for the entire company before the 4th of July.

EXPORTS FOR THE WEEK.—During the current week, three barks, a brig and two steamers have loaded, or will load here, with Oregon produce, carrying an aggregate of not less than 3,500 tons. This, we call pretty fair for one week, for a little city in the woods.

FROM THE SANDWICH ISLANDS.—The bark *Rainier*, a vessel of about 500 tons burthen, is daily expected from Honolulu, with a cargo of sugar and Island produce, consigned to Messrs. McCraken, Merrill & Co. The *Rainier* was built on Puget Sound.

TWENTY FIVE DAYS IN JAIL.—Goodrich, the man who attempted to shoot a sailor on the *Live Yankee*, the other day, was yesterday sentenced to twenty-five days imprisonment in the county jail.

CALL AND SEE.—Miss Mary McGarnish can learn something to her advantage by calling at the office of Wells, Fargo & Co in this city.

ARRESTED.—A Chinaman was arrested yesterday upon a charge of throwing a butcher knife at a woman with a felonious intent.

NEW STYLE BUSINESS COATS.—Basman Bros. new business coats are the most elegant garments in Portland. Their new shaped pantaloons are worn by all fashionable men. The suits made in their merchant tailoring establishment are now leading the fashions in Portland.

FURNITURE.—We call the attention of those in want of furniture, to the advertisement of Hurgren & Shindler. We have seen their warerooms, and must say that we have never seen a finer selection of furniture. Messrs. H. & S. have a well established business, buying their Eastern goods direct from the manufacturers. Parties purchasing in their line, may rely upon honorable dealing and low prices.

NEW STORE—NEW GOODS.—The undersigned would respectfully call the attention of the ladies of Portland to their new and complete stock of goods, selected with special reference to the Portland trade. Our motto is one price, and no goods misrepresented to effect sales.

HOSTETTER'S

CELEBRATED STOMACH BITTERS!

A Pure and Powerful Tonic,

Corrective and Alterative, of wonderful efficacy in Diseases of the

STOMACH, LIVER AND BOWELS.

PROTECTIVE PROPERTIES.

Prevents Fever and Ague and Billious Remittent Fevers; Fortifies the System against Miasma and the evil effects of unwholesome water. Invigorates the organs of digestion and the bowels;

Steadies the Nerves and tends to Prolong Life.

REMEDIAL PROPERTIES.

Cures Dyspepsia, Liver Complaint, Sick and Nervous Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Sea Sickness, Cramps and Spasms, and all complaints of either sex arising from Bodily Weakness, whether inherent in the system or

PRODUCED BY SPECIAL CAUSES.

NOTHING THAT IS NOT WHOLESOME, GENIAL, and restorative in its nature enters into the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains no mineral of any kind; no deadly botanical element; no fiery excitant, but is a combination of the extracts of rare balsamic herbs and plants, with the purest and mildest of all diffusive stimulants.

The weak stomach is rapidly invigorated, and the appetite restored by this Tonic, and hence it works wonders in cases of Dyspepsia, and in less confirmed forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretive organs.

Persons of feeble habit, liable to Nervous Attacks, Lowness of Spirits, and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is conclusive, and from both sexes.

As a Genuine Tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay, and Debility and Decrepitude arising from old age, it exercises the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-enforce and re-establish them.

Last, but not least, it is the only safe stimulant, being manufactured from sound and innocuous materials, and entirely free from the acrid elements present more or less in all the ordinary tonics and stomachics of the day.

SOLD EVERYWHERE.

CHARTRES COFFEE!

Manufactory Established in June, 1851.

STEAM POWER, NOS. 625 AND 627 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

[illegible] MERCHANTS DO?—The steamship Geo. S. Wright was bought by Jacob Kamm of this city and Mr [illegible], of Victoria, to run between the two cities For [illegible] there had been no vessel, besides the little [illegible], engaged in the trade. Immediately [illegible] the same moment that the Wright had been bought for the Portland and Victoria trade, the Active was sent here by the C. O. & M. S. S Co. There is not business [illegible] to warrant both ships in continuing on the route. [illegible] probably is business enough for one. The ques- [illegible] itself, will the people of the two cities give [illegible] to the Wright and thus keep permanent- [illegible] a steamer adapted to the trade and a [illegible] passenger ship? or will they give their [illegible] the Holladay line, and thus drive off the ves- [illegible], without the certainty that the Active [illegible] here when the Wright shall be off? These are [illegible] tions that may not concern us particularly, but they concern the business men of Portland and Victo- who may yet remember that, when they had [illegible] line between here and San Fran- [illegible] failed to support it and allowed [illegible] starved off. They will probably [illegible] forget that the price of freight was put up on [illegible] Holladay line at a time when they were in [illegible]. When the Oregonian was brought to this [illegible] they were offered the chance of taking stock [illegible] of controlling in part the carrying trade [illegible] at least, of protecting themselves against high freights [illegible] failed to respond and, thus allowed that steamship [illegible] of a line whose owners care less than [illegible] for the Oregon people only so far as [illegible] to the coffers of the monopoly. [illegible] merchants and shippers of Portland and Vic- [illegible] these things, they may also fail to think [illegible] not be well to encourage home cap- [illegible] shall find it employed in any way in our [illegible]. We shall see.

[illegible] MARKET.—From the Alta [illegible] we clip the following: Flour—In actual sales [illegible] to report. There is, however, [illegible] manifested to make large ship- [illegible] York by next steamer, and, from present [illegible], there will probably be much more freight [illegible] the agents will receive. The latest tele- from New York of to day's date quote that market [illegible], demand good, with upward tendency. We [illegible] brands extra, in hf and qr sks, at $7 50@7 75, [illegible] Oregon extra, standard brands, at $6 50@7 [illegible] sks; outside brands of Oregon are quota- for extra.

[illegible] quotations have advanced to 16s 1d and we hear of another large order having [illegible] for that market. Quotations apparently [illegible] change at $2 45@2 50 for milling and [illegible]. There is, however, no doubt that there [illegible] movement and a better feeling generally in [illegible]. The only sales (as reported) have been as [illegible] the interior at $2 40; 1,400 do. good at [illegible] 000 do. good shipping (not previously reported, [illegible] do. good coast, private, 008 do. Oregon at [illegible] do. choice milling at $2 20; 450 do. fair do.

[illegible] ROUTE FOR TILLAMOOK.—The citizens of Tillamook [illegible] Plains have recently forwarded through Mr. [illegible] for the establishment of a new mail [illegible] via Skipanon, Summer Home, Elk [illegible] Point, Chilchis Point and Ne- [illegible] Tillamook. Mr. Brooks recommends [illegible] be granted and that service be put upon [illegible] at the earliest practicable day and there is no [illegible] that it will be refused. At present the [illegible] between Tillamook and the rest of [illegible] by way of North Yamhill, across the moun- [illegible] frequently obstructed by deep snows— [illegible] points mentioned between Tillamook and [illegible] are without mail facilities, altogether. The route [illegible]—and will never be obstructed at any [illegible] of the year, by snows.

[illegible]—We are informed that on Tuesday evening [illegible] boy aged about ten years, a son of Mr. Chas. [illegible] of Oregon City, fell from the Wenat's wharf, at [illegible] City, into the river and was drowned. He was [illegible] by one of the employees of the Wenat who, [illegible] the body rose to the surface, tried to reach him a [illegible] unfortunately, could not reach far enough. [illegible] swim a stroke, and could not, therefore, [illegible] the boy by jumping in after him. The little fel- [illegible] himself on the surface for half a minute [illegible] but his efforts to swim only took him further [illegible], and before assistance arrived, he sank to [illegible]. His body was recovered yesterday morning [illegible] of a hook attached to a long pole. His par- [illegible] in deep affliction, in which they have the earnest [illegible] of their friends and neighbors.

[illegible]—Last evening about nine o'clock, Dr. Daven- [illegible] called to see Mrs. Thomas Kearney, who resides [illegible] street between Washington and Alder streets [illegible] arrived, a few moments later, he found the [illegible] dead, and the Dr. says appearances indicate that [illegible] died an hour before he saw her, from the effects [illegible]. A little girl of Mrs. Kearney, states that [illegible] her mother take medicine from a small bottle—a [illegible] vial, labelled laudanum—about 1 o'clock the [illegible] night; that she soon fell asleep and had not [illegible]. Her will and some other papers were found under her pillow, a fact which indicates that the act was [illegible], and not assignable to accident or mistake.

[illegible] AT THE CIRCUS.—Bartholomew's circus went from here on Monday to Vancouver, and gave a perform- [illegible] on Tuesday evening. During the perform- [illegible] seats gave way and precipitated a con- [illegible] number of people to the ground; but fortu- [illegible] no one was seriously injured. Once during the [illegible] the rain came down in such torrents, driving [illegible] the canvas upon the audience, that they were [illegible] the seats and seek temporary shelter [illegible] the pole.

RAILROAD VISITORS.—Messrs. Reynolds, Mix and Ste vens of Walla Walla, committee appointed by a public meeting to ascertain and report the probable cost of con structing a railroad, to be eventually a section of the Oregon and Idaho Branch, are at present here pursuing inquiries on the subject. The immediate purpose of the Walla Walla people is to build a road from that town to Wallula. The gentleman above named visited the east side road yesterday.

OREGON PRODUCTS.—Arrived yesterday per steamer Wenat, 80 sks oats, 21 hlf bbls dried apples and 246 qr sks flour. Per steamer Senator, 220 boxes apples, 800 qr sks flour, 10 tons pig iron, 4 bales woolen goods, and 51 sks feed. Per steamer Alert, 800 bags wheat, 1,0[illegible] qr sks flour, 125 boxes apples, 124 gunnies, oats, 15 gunnies bacon, 4[illegible] sks and hlf bbls dried apples, 8 sks oysters, [illegible] tons pig iron and 8[illegible] sks feed.

STREET CONTRACTS.—The contract to construct cross walks on B street for that portion to be improved, has been let to Mr N. Northrup, who has also secured the contract to build the bridge across King's creek. Messrs. Davis, Thornton & Co have the contract for grading, and Messrs. Stimson & Wright have the contract to construct the sidewalks, except such portions as were bid in by property holders.

A FOOT RACE IN PROSPECT.—We learn that the terms for a foot race between Walter Kinyon and Alex. Hamilton have been agreed upon. The race is to be forty yards for $50 a side and a forfeit of $10 a side has been put up. Saturday, May 2d has been fixed as the day and the East Portland track, the place for the race. If the parties do not back, this race will attract a good deal of interest.

SEEKING A TERMINUS.—It is stated that certain parties have gone from this city to Puget Sound for the purpose of discovering the spot where the Northern Pacific, the Oregon Central and all the other possible railroads must eventually terminate. Hope they may find it. They propose, as we understand, to build a magnificent city on the spot—at least, when found, they can "make a note on t."

RAILROAD SUIT.—A suit has been commenced by the Oregon Central Railroad Co., east side, against the Oregon Central Railroad Co., west side, to test the legality of the incorporation of the latter company and its right to the use of the name. The real bone of contention, as we understand the matter, is the State and Congressional aid to which one or the other is, or may become, entitled.

LATE HOURS.—During the most of this week, the steamers plying between here and Oregon City, have been keeping late hours, being detained in some cases several hours, by the tremendous freights now being hurried forward for the vessels in port. Yesterday and day before, the Senator kept passengers waiting on the wharf for from two to three hours, after the usual time of starting.

FREIGHT FOR SAN FRANCISCO.—The bark H. W. Almy having completed her cargo, will leave this morning in tow by the steamer Couch. She takes the following produce for San Francisco: 12,300 qr sks flour, 981 sks wheat, 1,030 sks bran, 990 sks oats, 497 sks middlings, 224 hlf bbls dried apples; total cargo, five hundred tons.

NEW UNIFORM.—Capt Cabalin, who arrived home by the steamer Ajax, last evening, brought with him from San Francisco, the material for an entire new uniform for the Fenian Guard. It is expected that the suits will be completed for the entire company before the 4th of July.

EXPORTS FOR THE WEEK.—During the current week, three barks, a brig and two steamers have loaded, or will load here, with Oregon produce, carrying an aggregate of not less than 3,500 tons. This, we call pretty fair for one week, for a little city in the woods.

FROM THE SANDWICH ISLANDS.—The bark Ranier, a vessel of about 500 tons burthen, is daily expected from Honolulu, with a cargo of sugar and Island produce, consigned to Messrs. McCraken, Merrill & Co. The Ranier was built on Puget Sound.

TWENTY FIVE DAYS IN JAIL.—Goodrich, the man who attempted to shoot a sailor on the Live Yankee, the other day, was yesterday sentenced to twenty-five days imprisonment in the county jail.

CALL AND SEE.—Miss Mary McCarnish can learn something to her advantage by calling at the office of Wells, Fargo & Co. in this city.

ARRESTED.—A Chinaman was arrested yesterday upon a charge of throwing a butcher knife at a woman with a felonious intent.

NEW STYLE BUSINESS COATS.—Harman Bros. new business coats are the most elegant garments in Portland. Their new shaped pantaloons are worn by all fashionable men. The suits made in their merchant tailoring establishment are now leading the fashions in Portland.

FURNITURE.—We call the attention of those in want of furniture, to the advertisement of Hurgren & Shindler. We have seen their warerooms, and must say that we have never seen a finer selection of furniture. Messrs. H. & S. have a well established business, buying their Eastern goods direct from the manufacturers. Parties purchasing in their line, may rely upon honorable dealing and low prices.

NEW STORE—NEW GOODS.—The undersigned would respectfully call the attention of the ladies of Portland to their new and complete stock of goods, selected with special reference to the Portland trade. Our motto is one price, and no goods misrepresented to effect sales.

HOSTETTER'S
CELEBRATED STOMACH BITTERS!
A Pure and Powerful Tonic,
Corrective and Alterative, of wonderful efficacy in Diseases of the
STOMACH, LIVER AND BOWELS.
PROTECTIVE PROPERTIES.
Prevents Fever and Ague and Bilious Remittent Fevers; Fortifies the System against Miasma and the evil effects of unwholesome water; invigorates the organs of digestion and the bowels;
Steadies the Nerves and tends to Prolong Life.
REMEDIAL PROPERTIES.
Cures Dyspepsia, Liver Complaint, Sick and Nervous Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Sea Sickness, Cramps and Spasms, and all complaints of either sex arising from Bodily Weakness, whether inherent in the system or PRODUCED BY SPECIAL CAUSES.

NOTHING THAT IS NOT WHOLESOME, GENIAL, and restorative in its nature enters into the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains no mineral of any kind; no deadly botanical element; no fiery excitant; but is a combination of the extracts of rare balsamic herbs and plants, with the purest and mildest of all diffusive stimulants.
The weak stomach is rapidly invigorated, and the appetite restored by this Tonic, and hence it works wonders in cases of Dyspepsia, and in less confirmed forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretive organs.
Persons of feeble habit, liable to Nervous Attacks, Lowness of Spirits, and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is conclusive, and from both sexes.
As a Genuine Tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay, and Debility and Decrepitude arising from old age, it exercises the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-enforce and re-establish them.
Last, but not least, it is the only safe stimulant, being manufactured from sound and innocuous materials, and entirely free from the acrid elements present more or less in all the ordinary tonics and stomachics of the day.

G. VENARD,
CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS 625 AND 627 FRONT ST.
HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.
The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.
BEWARE OF COUNTERFEITS.
Each package bears the signature of G. VENARD.

The Enchantress

A SPRING TIME LYRIC [illegible]

'Tis only in legend and fable
The fairies are with us, you know,
For the fairies are fled, little Mabel,
Ages and ages ago.

And yet I have met with a fairy
[illegible]
A genuine sprite of the [illegible]
Like her we [illegible]

[illegible] Mabel
I know you [illegible]
But [illegible]
[illegible] unbelief [illegible] your eyes

A marvelous creature I really
Can't say she is gifted with wings,
Or resides in a lily [illegible]
She's queen of all beautiful things

When she comes from her castle
The snow fades away [illegible]
And the pine [illegible] icicle tassel
Melts and drops into the stream

The dingy gray moss on the bowlder
Takes color like [illegible]
The brook puts its silvery [illegible]
Again to the dripping mill wheel

The robin and wren fly to meet her
The honey bee hums with delight
The morning breaks brighter and sweeter
More tenderly falleth the night

The roadsides, in pastures and meadows low
The buttercups glowing more bold,
For her sake light up the [illegible]
With disks of tremulous gold.

Even the withered bough blossoms
Grateful for sunlight and rain
Even the hearts in our bosoms
Are leaping to greet her again

What in all your [illegible]
Is such an enchantress as she
[illegible] blushes in roses and pansies
[illegible] sings in the birds on the tree

Public Opinion on the Impeachment of Andrew Johnson.

[From the Utica (N Y) Herald March 15]

[illegible] Mr Johnson has really no party behind him His misconduct compels all citizens to expect and [illegible] that the constitutional provision will be enforced against him That result is regarded as [illegible] and so certain that the failure of the Senate to convict and remove him, would probably produce a political revulsion. The [illegible] looks for the removal of Johnson as anxiously as it desired the capture of Richmond and the surrender of Lee and his army

[From the Indianapolis Journal March 17]

[illegible] quite evident that the game of brag, played so fiercely by the President and his [illegible] about at an end He is evidently discouraged at the complete failure of all his attempts to [illegible] Congress into his measures, begins to realize that his official term is drawing to a close, and hence that he is hastening to his political grave. The latest news represent him as despondent, his counsel as hopeless, and only in [illegible] delays. Slowly, but surely, will go on the trial and conviction

[From the New Orleans Republican March 15]

His original error, like an early error in a mathematical calculation, has continued, multiplied and intensified until now he stands indicted of grave offences, and summoned before the most solemn and splendid tribunal ever convened in the continent, and from it he will return to an obscure [illegible] life.

[From the Lockport (N Y) Journal March 16]

[illegible] at the ceremony of his inauguration as Vice President in a state of beastly intoxication, he forfeited and lost the respect of the people. Aside from these facts, when Lincoln toiled and revered by the people as the savior of the [illegible] by the hand of an assassin, if John [illegible] of the ordinary sensibility [illegible] of man whose sense of propriety [illegible] by [illegible] or crime, he would [illegible] in the assumption of power and at least respectful toward other branches of the Government, but this man Johnson arrogated to hi[illegible] all the lawful power of the Government and openly denounced Congress as an illegitimate [illegible] on the verge of Government—the [illegible] being I, Andrew Johnson—[illegible] that he, Andrew, with the army at his command, might have assumed the position of [illegible] dictator, and the fact that he had not [illegible] due to his extreme modesty and forbearance.

[From the St Paul (Minn) Despatch March 13]

The [illegible] of the United States is the representative of the nation, [illegible] neither his [illegible] nor the dignity of his station [illegible] the mercy of an [illegible] has not been [illegible]

[illegible] Statesman, March 17]

[illegible] party [illegible] support [illegible] in its worst forms a rebellion [illegible] the Union, treason against the Constitution The hands are red with the blood of thousands slain. This vicious, blood thirsty, crime committing Democracy seeks to satisfy its thirst for evil deeds by defending Andrew Johnson in his attempt to introduce the anarchy which leads to despotism. We now realize [illegible] is the offense of the President, when the Democracy find it suitable to their wish to defend it and call it a great constitutional principle

[illegible] March 17.]

[illegible] all unprejudiced men know that [illegible] guilty of the willful commission of [illegible] as well as they know that Jeff Davis [illegible] of treason against the Government of the United States If Jeff Davis is ever tried for treason, and any portion of the jurors say, under the [illegible] of their oaths, that he is not guilty, that he did not levy war against the Government of the United States, every person will know that they [illegible] are perjured wretches The guilt of Jeff[illegible] is no more palpable, no more [illegible] and known by the American people and the [illegible] than that of Andrew Johnson

[illegible] a monthly magazine]

Of [illegible] not desire any man to sin in order that his sacrifice may be a warning to those who shall follow him, but if it is the destiny of this man to be a Judas among his brethren it is fit that we recognize the moral of the lesson. A guilty Chief Magistrate, impeached for his crime peacefully dispossessed of such vast powers and quietly put aside from his great place by virtue of a judicial sentence, would be a terrible but whole[illegible] to the great rebellion which strove to make Democracy the instrument of despotism but only served to prove its all sufficiency as a principle, in the hands of an intelligent and virtuous [illegible]

[From the Erie (Pa) Dispatch, March 18]

Nobody knows what Mister Johnson will do not even himself In all human probability, and following the consistency of Mister Johnson's inconsistency, there will be a terrible sensation in a day or two, a perfect calm in a week another article of impeachment adopted, and a perfect triumph of the law

[From the [illegible] (Vt.) Standard, March 18]

Congress ought to have impeached Johnson at that time, without hesitation or delay But now when Johnson has added other immoralities to [illegible], and in addition, high crimes and misdemeanors, the Democratic party opposes his impeachment The fact is, they demanded his impeachment, under the pretext of disgust at his drunkenness, but really because they believed he was a Republican, and they oppose it [illegible] only for this reason, that he is a Copperhead

[From the York (Pa) Republican, March 15]

Our convictions are clear We have no doubt that Johnson is a great criminal as well as a base ingrate and betrayer of his friends We only ask however, that the court will proceed fearlessly and impartially to discharge its duty in the matter without unnecessary delay

[From the St Paul (Minn) Press March 14]

His (the President's) chief value in history will be as a warning to future usurpers and as an forcible illustration of the inherent strength of republican institutions, sustained by a people who while they can magnanimously forgive a brave misguided, conquered foe will surrender no part of their sovereignty, but will execute justice upon their faithless public servants They demand simply the enforcement of the law and the Constitution, in accordance with the forms and the spirit of each

[From the St Cloud (Minn Journal March [illegible]]

But one thing will bring quiet peace and prosperity to the country, and that is the speedy impeachment and conviction of Andrew Johnson and his removal from the Presidential chair. [illegible] continued warfare between the executive and legislative branches of the Government is daily adding to the evils under which the people are laboring

[From the St Joseph (Mo) Union March 14]

When you hear a Copperhead croaking, be sure in the impeachment trial, ten States are not represented in the Senate just remind him that had not been for the obstinacy and [illegible] Andrew Johnson [illegible] of these States would have had their Senators and Representatives in Congress long ere this

Johnson opposed with might and main the readmission of his own State Tennessee, and he has constantly thrown his [illegible] in the way of the restoration of the other Southern States to [illegible] positions in the Government, and he now seeks to violate that principle of law which says that no man shall take advantage of his own wrongs.

[From the Boston Daily Advertiser March 17]

This determination of the Democrats to use Mr Johnson but not to be used by him has settled the course of the impeachment business The trial if we may use such an expression of so high a proceeding will probably dribble along through the spring until everybody is tired of it and the final sentence and deposition of the President will be a welcome relief Nine tenths of both parties will be glad when Mr Johnson is out of office the valor which is spoken of as being so deeply moved in his behalf will be expended in the wordy battles of next fall and all public interest in Andrew Johnson or any question connected with him will collapse on the morning of the 4th of November next

[From the Charlotte (N C) [illegible] March 1[illegible]]

The rapid and steady progress of impeachment has electrified the Union men of the South The news came in good time—just as the rebels were rejoicing over the success of their plans in Alabama, and accepting new aid and comfort from Andrew Johnson The Republican papers of the South come to us filled with gratitude to Congress while their enemies once more realize the folly of opposing the great organization which, having conquered them on the battle field, will as surely conquer them at the ballot-box

[From the Chicago Tribune, March 16]

That Johnson is guilty of the facts charged in every count of the indictment, is not denied by anybody because they are all facts of record and susceptible of absolute proof. If any Senator votes against impeaching him, it will be solely on party grounds. If all partisan considerations could be laid aside, Johnson would be deposed by a unanimous vote of the High Court; but partisan feeling is strong in the breasts of Democrats, and it is probable that a few members of that party will vote against impeachment in spite of Johnson's notorious guilt and their own solemn oaths to defend the inviolability of the laws

[From the Dubuque Daily Times, March 14]

Andrew Johnson, by the bullet of an assassin President of the United States, seems at last to have culminated his career of shame disgrace and crime The hour of our deliverance is at hand By his own act he has placed himself outside the pale of forbearance, and banded against himself every honest man, every loyal man and every man of self respect He has made even the timid to know their duty, and driven the irresolute to the wall We predict that the sun of this night goes down on him without a friend or defender

[From the Harrisburg (Pennsylvania) State Guard of March 16]

Conceal it as we may there is no denying the feverish excitement and nervous apprehension with which the masses of the people now look to the Senate—to the High Court of Impeachment There is intelligence among the masses—a judgment able to deal with facts and keen appreciation of justice, which have been aroused in the case of Andrew Johnson So far as the facts are concerned, the people are entirely satisfied Mr Johnson is a guilty man—that he plotted to injure the country Hence when Senators—Republican Senators—quibble about forms and seem to hesitate in the first steps for the trial of the great culprit, it is natural that the jealous fears of the people should at once be directed towards those men

[From the Sandusky (Ohio) Register March 16]

Mr Johnson's persistent attempt to make himself appear to the world and to history as the sole representative and defender of constitutional order in America gives a touch of the ridiculous to his position which might otherwise be like that of the proud pauper—dignified in its degradation

[From the Chicago Post March 17]

We have already expressed the belief that, before judgment in his case is rendered Johnson will resign and throw himself upon that body for a martyr whose cause it must adopt and whose person it must defend He will find that he has only re-enacted the history of John Tyler, and furnished another proof that even bad and mistaken men will pay a tribute to virtue by hating and despising the traitor, though the treason may inure to the advancement of their cause

[From the Sioux City (Iowa) Journal March 14]

Let the result be what it may, the efforts at impeachment are having one good effect The President is kept too busy with his counsel, and is too intent upon extricating his own neck from the halter to have any time for mischief He is in check, and although he plays a strong game, he is in a fair way to be skunked

[From the Illinois State Journal, March 16]

If Mr Johnson were a criminal, under arrest, and held secure by confinement in prison against committing further crimes, or escaping penalty, time might be granted him on the same terms as to such criminals. It might even be allowed him [illegible] for delay, for the chance of a change of feeling. But while he is impeached for unfitness to be the Executive and is on trial by the Senate, he still holds all the power of the Executive office, and continues the public evils and perils which have made his removal necessary And these conditions make it imperative that his case should be summarily settled. The safety of the nation and peace of the people demand it

[From the Concord Monitor, March 15]

Impeachment is no longer a Radical measure It is conservatism in the highest and best sense of the term The industry of the country demand it The financial interests of the nation demand it Commerce demands it The patriotic instincts of a loyal people everywhere demand it and wait anxiously for its consummation Only rebels partisans of rebels, and demagogues who hope to thrive politically on the public calamities, see any thing to fear in the prospective or actual fall of a man whose official career has been marked throughout by acts disgraceful to himself and calamitous to the nation

The Mobile *Tribune* gives a Southern photograph of the Democratic party, from which we quote the following choice portions

But what is the National Democratic party? It is not the party that existed before the war under the name of the Democratic party a combination as are all parties in times untainted with the sulphur breath of revolution, formed for grabbing plunder, for robbing the public Treasury with seats in the White House and the Senate Chamber for the leaders with stalls in Court Houses and town halls for party bummers The times upon which we are fallen are too serious, too pregnant with revolution, of too great import to the welfare of posterity, for the people to put up with skillet skipping creatures whose only claim to the people's confidence consists in the record they have made as consistent, irrepressible suckers of the public teat Out of the way with all such trash.
